Union Regulation

To assist you in your planning efforts for the upcoming exposition, we are certain you will appreciate knowing in advance that union labor may be required for certain aspects of your exhibit handling. To help you understand the various union jurisdictions, we ask that you read the following:

DECORATORS UNION

Members of this union claim jurisdiction over all set-up and dismantling of exhibits including signs and laying of carpet. This does not apply to the unpacking and placement of your merchandise. You may install and/or dismantle your exhibit display if one person, who is a full-time employee, can accomplish the task in an hour or less without the use of tools.

If your exhibit preparation, installation, or dismantling requires more than one hour, you must use union personnel supplied by the Official Decorating Contractor.

As an exhibitor, you will be pleased to know that when union labor is required, you may provide your company personnel to work along with a union installer in the Washington DC Region on a one-to-one basis.

TEAMSTERS UNION

This union claims jurisdiction on the operation of all material handling equipment, all unloading and reloading, and handling of empty containers. An exhibitor may move the material that is hand carry-able by one person in one trip, without the use of dollies, hand trucks, or other mechanical equipment.

ELECTRICAL UNION

IBEW Electricians jurisdiction covers all electrical labor for each booth including but not limited to, cable distribution under your carpet or flooring, and throughout the booth structure. Included are connections and hardwiring of all electrical equipment (e.g., 208volt and higher services, panels, motors, and A/V equipment), installation of all lighting hung from truss or beams, and distribution of all cabling throughout the booth and truss structures. All stage-hand labor used in the exhibit area will be supplied through Alliance Exposition with exception of their company representative/supervisor. Unless contracted directly with the in-house AV/Internet provider, all data and coaxial cable run within the booth, overhead, or on the floor will be installed by our electricians. Electrical services are provided on a time and material basis and cannot be performed by other unions, I&D houses or Exhibitors.

SAFETY

Standing on chairs, tables, or other rental furniture is prohibited. The furniture is not engineered to support your standing weight. Alliance Exposition is not responsible for injuries caused by improper use of furniture.

TIPPING

Alliance Exposition request that exhibitors do not tip our employees. They are paid at an excellent wage scale denoting a professional status and we feel that tipping is not necessary.

Official Decorator & Drayage Contractor

The official convention decorator and drayage contractor for the 340B Coalition Summer Conference is Alliance Nationwide Exposition. Two weeks after booth space has been confirmed by 340B Health, Alliance will send the Service Kit login information to the main contact listed on the Exhibit & Sponsorship Application. The Service Kit includes prices on materials, drayage, electrical services, furniture rental, lead retrieval, labor electricity, etc. with a complete list of charges and exhibit information. Additionally, shipment guidelines and deadlines will be provided in the Service Kit.

NOTE: Exhibit material/packages/shipments cannot be received at the hotel unless deliveries are made on move-in days. Otherwise, deliveries will be returned to the shipper at the exhibiting company's expense. Exhibit material left in the hotel after the contracted move-out time, or damaged exhibits left behind, will be removed by the official service contractor at the expense of the individual exhibiting company. Any materials left after the official service contractor's departure is considered trash. Please refer to the Service Kit for shipping instructions.

Exhibitor Service Desk

Alliance will provide a service desk in the exhibit hall at which exhibitors may verify, check, and adjust their requirements for installation. This service will be available during the set-up period to cover all requirements and will be in operation during set-up and dismantle period. While Alliance is responsible for the initial layout of the exhibit hall, exhibitors are encouraged to measure their booths to ensure the correct size has been set based on their reserved space(s) on the floor plan.
